Plan now to exhibit at the premier educational event in clinical genetics and genomics.

The American College of Medical Genetics and Genomics (ACMG) Annual Clinical Genetics Meeting brings together professionals from around the world that include the entire genetics team — medical and clinical geneticists, genetic counselors, nurses and Physician Assistants, and laboratory directors and technicians conducting genetic testing; researchers involved in the discovery of genetic disorders and treatments. Additional attendees include pediatric, obstetric, maternal fetal specialists, dietitians, research professionals, genetics trainees, fellows and residents, public health professionals and all medical practitioners who are providing comprehensive diagnostic, management and counseling services for patients with, or at risk for, genetically-influenced health problems.

Genetics professionals attend the ACMG Annual Meeting to learn from the leading experts in the field, network and engage with industry experts, evaluate the innovative products and services displayed by over 200 companies in the exhibition and develop strategic partnerships with suppliers. The ACMG Annual Meeting continues year after year to increase in registrations, exhibitors, abstracts and educational offerings. In 2017 there was a 12% increase in attendance.

The ACMG Annual Clinical Genetics Meeting provides unparalleled opportunities to position your organization and showcase your products and services to the leaders in the field of genetics and genomics. In this increasingly competitive market, gaining visibility and meeting with close to 3,000 key decision makers, researchers, and corporate partners from around the world is an opportunity you cannot afford to miss.

Space assignments for space applications received by November 17, 2017 will be made based on Priority Points. Don’t delay — submit your application via mail, email or online at www.acmgmeeting.net.

Exhibiting companies that reserve exhibit space and do not provide ACMG with written notice of their inability to exhibit by April 9, 2018, will automatically be charged an additional lounge fee of $500, and are still responsible for paying any unpaid exhibit fees.
ASSIGNMENT OF SPACE

● PRIORITY POINT SYSTEM

A Priority Point System is used to assign exhibit space for companies that submit an application/contract on or prior to November 17, 2017. Booth assignments for applications received after that date will be assigned to the remaining space, if any, in the order of date received.

To be assigned exhibit space via the Priority Point system, the Exhibit Space Application and Contract, and the deposit must be received on or prior to November 17, 2017. If two or more companies have the same number of points, they will be assigned in the order in which the applications are received, or based on booth size and/or location of competitors. No exhibit space is assigned until after the November 17 cut-off date for Priority Point accrual. After November 17 and the initial space assignment process, all remaining space will be assigned on a first-come, first-served basis to the space remaining. Contracts are accepted until all exhibit space is sold.

Priority Points are accumulated as follows:

**5 POINTS**
- for application received by November 17, 2017
- for each year exhibited since 2003
- for each 100 square feet reserved

**10 POINTS**
- for application received by October 27, 2017
- for ACMG Annual Meeting sponsorship, advertising or ACMG Foundation for Genetic and Genomic Medicine support of $5,000 or less at the previous year meeting and the current year if commitment made at the time of booth space application.

**20 POINTS**
- for ACMG Annual Meeting sponsorship, advertising or ACMG Foundation for Genetic and Genomic Medicine support between $5,001–$10,000 at the previous year meeting and the current year if commitment made at the time of booth space application.

- for ACMG Annual Meeting sponsorship, advertising or ACMG Foundation for Genetic and Genomic Medicine support between $10,001–$24,999 at the previous year meeting and the current year if commitment made at the time of booth space application.

**40 POINTS**
- for ACMG Annual Meeting sponsorship, advertising or ACMG Foundation for Genetic and Genomic Medicine support between $25,000–$49,999 at the previous year meeting and the current year if commitment made at the time of booth space application.

● SPACE ASSIGNMENT CONSIDERATIONS

Every effort is made to assign booths in accordance with exhibitor’s preference but no guarantee can be made as assignments depend on Priority Points, location of competitors and other requests. Please keep in mind that there are many organizations applying for the same exhibit space. When noting your preferred booth location, do not concentrate all of your choices in one area (see floor plan – online at www.acmgmeeting.net). Exhibitors will have a better opportunity of receiving a preferred booth if the choices are in different areas of the floor plan rather than adjacent to each other or in the same aisle. When selecting booth choices, keep in mind that requests for corner booths far exceed the number corner booths available. We recommend submitting your Application/Contract early to ensure the best selection of available space. If at the time of making an assignment for a particular organization, the requested space(s) are no longer available, the next best space available will be assigned.
The point system for space assignment takes into consideration the company's exhibiting, corporate sponsorship, advertising history and ACMG Foundation support. Many companies have accumulated points for several years; therefore, it is unlikely that a relatively new exhibiting company would be able to obtain a booth at or near the entrance(s) to the Exhibit Hall, or a corner booth location. New exhibitors should make booth selections with this information in mind in order to maximize the chance of securing one of the preferred booth locations requested on the Exhibit Space Application/Contract.

ACMG reserves the right to make adjustments to the floor plan and/or reassign an exhibitor's location as deemed necessary for the overall good of the exhibition or for safety issues. Affected exhibitors will be consulted in such situations.

● MULTIPLE DIVISIONS
Companies with several divisions may choose to average points in order to be grouped together in the space assignment process. The process will allow each division to contract separately while maintaining their own identities (i.e. exhibit listing, badges, etc.)

● CO-MARKETING
If two or more companies wish to be assigned exhibit space adjacent to one another, each company must attach a cover letter to their Application/Contract for Exhibit Space, explain the request, and copy the other company. The space assignment will then be made by averaging the companies’ points.

● MERGERS AND ACQUISITIONS
ACMG should be notified in writing that the acquisition or merger between companies has been completed and list the date of completion. Companies will have to select one company name to be used for all printed materials (badges, final program, etc.)

Companies that have merged with, been purchased by, or have purchased another company, may use the exhibit points from either company alone, whichever is more favorable, but not the combined points of both companies. Companies requesting a transfer of points must be “directly related” to an exhibiting company in order to inherit those points. A “directly related” company shall be defined as a company that is wholly owned by a subsidiary or one which has merged with another company.

● COMPETITORS
Requesting to avoid competitors, may affect booth space selection. For example, if the first choice in booth space is located near a competitor already assigned, the next best available space will be assigned. The more competitors you list, the more your booth assignment may be affected. Exhibitors are urged to list a maximum of five competitors on the Exhibit Space Contract/Application.

● SHARING/SUBLETTING SPACE
No part of any exhibit space assigned to an exhibitor may be reassigned, sublet or shared with another party. Exhibitors may display only those products or services that they manufacture or regularly distribute. This information must be included on the Application/Contract for exhibit space. Sharing of exhibit space is permitted only for divisions of the same company.
Additional Exhibitor Opportunities

● SATELLITE SYMPOSIAS
$28,000 MINIMUM SUPPORT
Satellite Symposia held in conjunction with the ACMG Annual Clinical Genetics Meeting are 90-minute independently developed non-commercial scientific sessions held as morning and/or evening sessions. Satellite Symposia are educational sessions presented with objectivity, balance and scientific rigor and not as promotional or marketing opportunities. The symposia are supported by commercial or not-for-profit entities to broaden the educational experience for meeting attendees. These programs are usually attended by 250-375 attendees. The symposia, while presented in conjunction with the ACMG Meeting, are not a part of the official ACMG educational program and the sessions and content are not certified by ACMG. ACMG recommends that Satellite Symposia be developed and approved for CME by an accredited ACCME provider.

NOTE: Proposals to present Satellite Symposia were due in August 2017– call the ACMG team at (703) 921-0333 to check availability of open time slots.

● EXHIBIT THEATERS
$3,000 PER HALF HOUR TIME SLOT
Exhibit Theaters are one-half hour sessions presented by exhibiting companies, to showcase products, techniques, and/or services and demonstrate how a product or service is used in practical and/or clinical settings in theaters set up right on the exhibit floor. Theaters are set for approximately 150 people, and attendance varies depending on topic. Applications for Exhibit Theaters must be submitted no later than December 15, 2017. Proposed sessions are reviewed for approval and times are assigned on a first-come, first-served basis. Exhibit Theaters are not approved for CME credit. See the Exhibit Theater page in the For Exhibitors section of www.acmgmeeting.net for additional information and application form.

● EXHIBIT FLOOR MEETING ROOMS
A limited number of hard-walled flex units will be available for exhibitors. These rooms can be used for a company “war room,” a client meeting room, a place for private product demonstrations, or provide staff with flexibility and convenience when your booth is suddenly packed! These rooms will be available to rent for the duration of the show or in one day increments. Access to these rooms will be available during show hours ONLY. Space is limited and will be processed in the order they are received. Each room will be set with a table and chairs. Additional features, such as audio visual/internet and keyed access are available at the expense of the exhibiting company. For more information, pricing and the application form see the Exhibit Floor Meeting Rooms in the For Exhibitors section of www.acmgmeeting.net. Deadline to apply – Feb. 9, 2018.

● HOSPITALITY, IN-CONJUNCTION-WITH, AND ANCILLARY EVENTS
The 2018 ACMG Annual Clinical Genetics Meeting will bring together over 2,500 genetics and genomics professionals. This presents a prime opportunity for affiliates of ACMG – i.e. exhibitors, corporate supporters, ACMG members, patient groups and nonprofit organizations to hold meetings and events in connection with the ACMG Meeting. All meetings, events, investigator’s meetings, focus groups, committee meetings, university alumni events, and/or other types of functions held in conjunction with the ACMG Annual Clinical Genetics Meeting by exhibiting companies and attendees, whether at ACMG meeting facilities or at outside venues must be approved by ACMG. Detailed guidelines, allowed times and a form to submit for approval are located in the For Exhibitors section of www.acmgmeeting.net. All ancillary meetings held in conjunction with the ACMG meeting must adhere to the guidelines, regardless of the meeting location. Deadline for requests is February 9, 2018.

Note: Other than the pre-approved Satellite Symposia held on Tuesday evening, Wednesday morning and Friday morning, which are industry sponsored, ACMG will be the sole provider of all educational and scientific programming from Tuesday, April 10, through Saturday, April 14. Consequently, any ancillary meetings with an educational or scientific focus or intent are strictly prohibited during the ACMG Annual meeting. Additionally, In-Conjunction-With Events that include the meeting attendees may not be held during official ACMG events, scientific sessions, oral abstract presentations, exhibits or poster presentations. Exhibitor pre-conference staff meetings/orientations and internal corporate sales, business, or staff meetings that do not include meeting attendees may be held at any time.

Exhibitor Registration and Housing

**REGISTRATION/EXHIBITOR BADGES**

Each exhibiting company is entitled to six (6) badges per 10’x10’ space for exhibit booth personnel. Exhibit Personnel Badges allow entrance to the exhibit hall during open exhibit hours and set up and dismantle hours. Exhibit Personnel (with an exhibit badge) can attend non-ticketed educational sessions that are not full in capacity – this includes concurrent sessions, plenary sessions, Oral Platforms. CME credit can only be obtained if your personnel are registered as a full attendee for the conference. Exhibit company representatives who wish to obtain CE credit and/or who attend the meeting for the purposes of attending sessions AND accruing CE credit must register in full for the meeting and pay the appropriate registration fee.

Online full conference attendee registration will open in October 2017 at www.acmgmeeting.net. Registration instructions for Booth Personnel and full registrations will be provided to exhibitors with booth confirmations.

**HOTEL RESERVATIONS AND HOUSING**

ACMG has secured blocks of rooms in the several hotels convenient to the convention center. Visit the Hotel Reservation page at www.acmgmeeting.net for a list of the hotels and rates.

All reservations must be made through ACMG’s Housing Partner – CMR (Convention Management Resources). Hotels will not accept direct reservations. Housing will open at www.acmgmeeting.net in October 2017. Exhibiting companies must have already purchased booth space in order to make hotel reservations – the link to the hotel reservation system will be e-mailed to all exhibiting companies when housing opens, upon receipt of the application and/or in the booth assignment correspondence depending on when your application is received.

Exhibit company staff registering as full registrants will book their hotel rooms through a separate site using their registration confirmation number and their reservations should not be made through the exhibit block and exhibitor housing site.

Each hotel participating in the official ACMG room block has set aside a portion of the room block for exhibitor use. These rooms have been set aside to ensure that exhibitors have the opportunity to reserve sleeping rooms as well as meeting or hospitality space in the hotels of their choice. Group Reservations for sleeping rooms will be limited to ten (10) rooms. Should your group require additional rooms, please complete the online form on the Hotel Reservations page of the meeting website. Reservation requests are processed on a first-come, first-served basis and rooms will be available at the discounted group rates until March 2, 2018. Requests received after the deadline, or after the room blocks are filled, are subject to rate and space availability and may not be offered at the discounted group rate.
